

MID Term exam

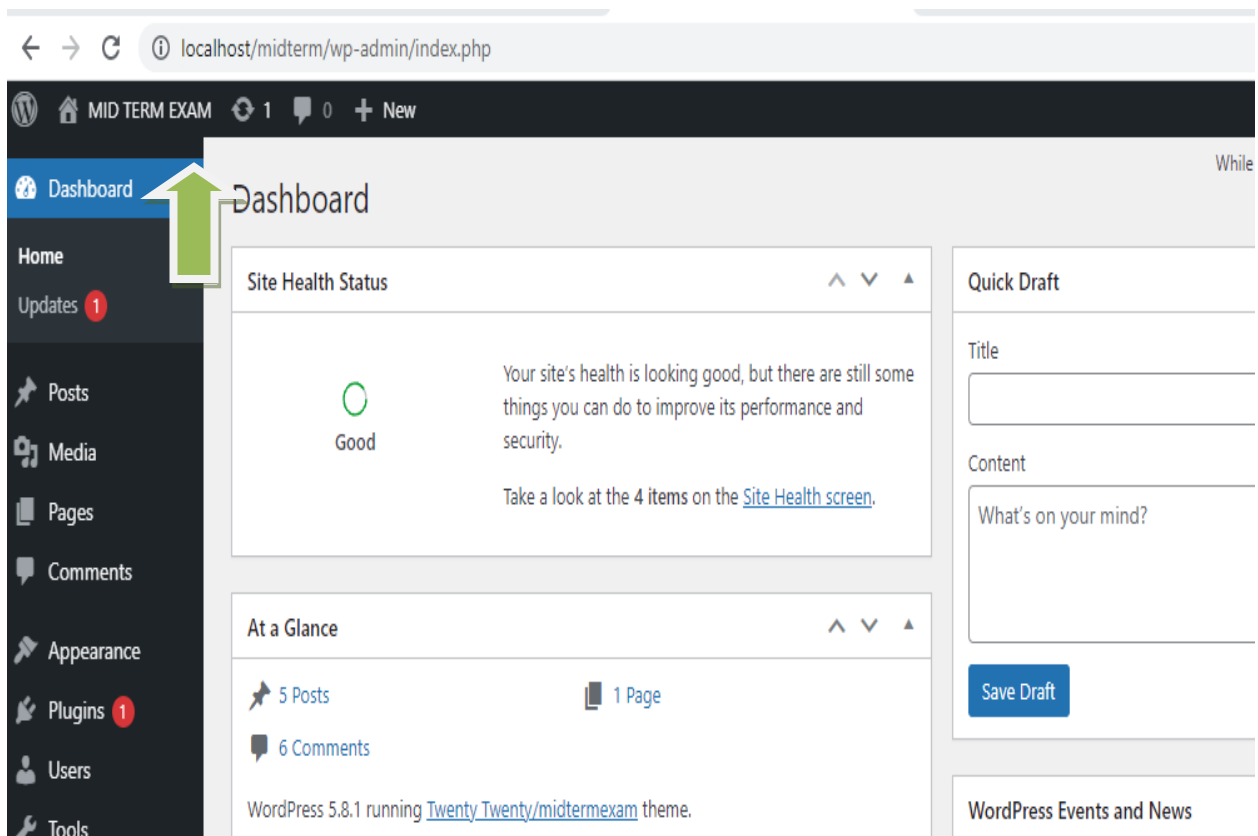

DWD - Design of a Dynamic Website

Date: 24-Oct, 2021

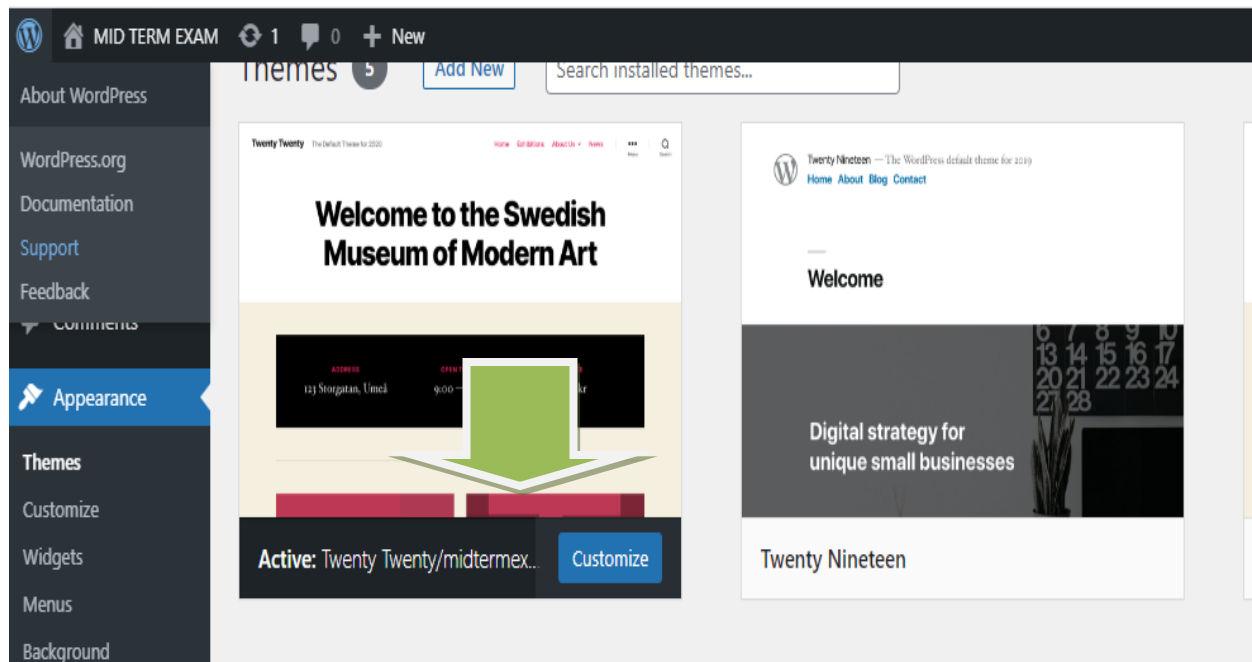

Conducted by: Suthakhar Ponnambalam

Deadline: 24-Oct, 2021 (6pm EST)

1. Create a new Wordpress project with name "Mid term exam"

2. Inside the new project, create a custom theme with name "midterm custom theme"

3. Create a new header and footer file accordingly.

```
<div id="page" class="site">
  <a class="skip-link screen-reader-text" href="#content"><?php _e( 'Skip to con

  <header id="masthead" class="<?php echo is_singular() && twenty_nineteen_ca

    <div class="site-branding-container">
      <?php get_template_part( 'template-parts/header/site', 'branding' )
    </div><!-- .site-branding-container -->

    <?php if ( is_singular() && twenty_nineteen_can_show_post_thumbnail() )
      <div class="site-featuring-image">
        <?php
          twenty_nineteen_post_thumbnail();
          the_post();
          $discussion = ! is_page() && twenty_nineteen_can_show_post_

          $classes = 'entry-header';
          if ( ! empty( $discussion ) && absint( $discussion->responses
            $classes = 'entry-header has-discussion';
          }
        }
      </div>
    </div>
  </div>
</div>
```

```
</div><!-- #content -->

<footer>
    </div><!-- .site-info -->
</footer><!-- #colophon -->

</div><!-- #page -->

<?php wp_footer(); ?>

</body>
</html>
```

4. Use Fakerpress to create 10 fake posts.

5. Use Fakerpress to create 10 fake comments.

The screenshot shows the 'FakerPress' settings page in a WordPress dashboard. On the left is a sidebar menu with options: Appearance, Plugins (1), Users, Tools, Settings, **FakerPress**, Settings, Posts, Comments, Terms, Users, and a Collapse menu button. The main content area is titled 'Use the fields below to configure a set of rules for your generated Comments'. It contains a configuration box with a 'Type' dropdown set to 'Select a Field type' and a 'Name' text field containing 'second'. Below this is a blue 'Generate' button. At the bottom, there are two status messages: 'Zero is not a good number of comments to fake...' and 'Faked 1: 9', each with a close icon.

The screenshot displays a WordPress blog post with two generated fake comments. The sidebar menu on the left includes: Posts, Media, Pages, **Comments**, Appearance, Plugins (1), Users, Tools, Settings, FakerPress, and a Collapse menu button. The post content shows a URL and a paragraph of placeholder text. The first comment is by 'Pierce Bode' (1 approved), dated 2021/10/25 at 12:00 am, with a 'View Post' link and a comment count of 4. The second comment is by 'Rohan' (1 approved), dated 2021/10/24 at 12:00 am, with a 'View Post' link and a comment count of 7. Both comments contain multiple lines of placeholder text and bulleted lists of random words.

6. Create a page called "Contact Us" and set it as "home page"
